THE 2026 COLLECTION

THE INDUSTRY NEEDED A BETTER APPROACH.

VANTIS SHADE SYSTEMS WAS BUILT BY PROFESSIONALS WITH DECADES OF REAL PROJECT EXPERIENCE. AFTER COMPLETING THOUSANDS OF RESIDENTIAL AND COMMERCIAL JOBS, WE SAW THE SAME FRICTION POINTS REPEATING ACROSS EVERY MARKET.

SLOW TIMELINES

PROJECTS LOSE MOMENTUM AND CUSTOMERS LOSE CONFIDENCE.

LIMITED INNOVATION

PRODUCT LINES FALL BEHIND. CUSTOMERS MISS OUT ON BETTER OPTIONS.

POOR COMMUNICATION

QUESTIONS GO UNANSWERED. DETAILS GET MISSED.

WHY IT MATTERS

THESE AREN'T ABSTRACT INDUSTRY PROBLEMS — THEY'RE THE EXACT ISSUES THAT HAVE DELAYED REAL PROJECTS, CAUSED COSTLY MISTAKES, AND LEFT HOMEOWNERS AND CONTRACTORS WITHOUT ANSWERS. VANTIS WAS BUILT TO ELIMINATE ALL THREE.

PRECISION PARTNERSHIP MOMENTUM

MISSION

DELIVER MODERN SHADING SYSTEMS WITH UNMATCHED PRECISION, INNOVATION, AND CUSTOMER SERVICE.

VISION

MAKE ORDERING AND DELIVERY FEEL AS REFINED AS THE FINISHED PRODUCT.

QUALITY

PRODUCTS, DETAILS, AND DOCUMENTATION THAT HOLD UP UNDER REAL PROJECT PRESSURE.

INNOVATION

A PRODUCT LINE BUILT FOR MODERN SHADING, AUTOMATION, AND SMARTER PRIVACY.

RESPONSIVENESS

CLEAR ANSWERS AND PRACTICAL TIMELINES WHEN DECISIONS NEED TO KEEP MOVING.

PARTNERSHIP

SUPPORT FOR EVERYONE CHOOSING, INSTALLING, AND LIVING WITH THE SYSTEM.

WHY IT MATTERS

EVERY DECISION MADE ON YOUR PROJECT FROM HOW AN ORDER IS PLACED TO HOW A QUESTION GETS ANSWERED — IS HELD TO THESE FOUR STANDARDS. IF ANY OF THEM FALL SHORT, THAT'S WORTH A CONVERSATION.

THE CASE FOR VANTIS OVER ANYONE ELSE

WE HAVE THE TRACK RECORD.

THOUSANDS OF COMPLETED PROJECTS ACROSS RESIDENTIAL AND COMMERCIAL. EVERY PRODUCT IS BACKED BY A 5-YEAR WARRANTY AND ASSEMBLED IN TEXAS BY A TEAM YOU CAN REACH DIRECTLY.

WE MAKE IT SIMPLE.

OUR SYSTEM IS DESIGNED SO EVERY DECISION LEADS NATURALLY TO THE NEXT — EIGHT STEPS, IN ORDER, AND YOUR SYSTEM IS COMPLETE.

VANTIS WAS BUILT FOR THIS.

MOST SHADE COMPANIES STARTED AS DISTRIBUTORS AND ADDED PRODUCTS OVER TIME. VANTIS WAS BUILT FROM SCRATCH BY INSTALLERS AND PROJECT MANAGERS WHO KNOW WHAT ACTUALLY FAILS IN THE FIELD.

WHY IT MATTERS

THESE ARE THE THREE QUESTIONS MOST CUSTOMERS HAVE BEFORE COMMITTING TO A SHADE SYSTEM. WE PUT THE HONEST ANSWERS HERE SO YOU'RE NOT LEFT WONDERING LATER.

HOW TO USE THIS GUIDE

CONFIGURATION FLOW

- 01 FABRIC**
 PERFORMANCE, COLOR, PRIVACY, HEAT, VIEW, AND BLACKOUT.
- 02 SYSTEM**
 OPEN ROLL, FASCIA SYSTEM, POCKET SYSTEM, SQUARE CASSETTE 110, AND FABRIC-WRAPPED CASSETTE.
- 03 LINK**
 ONE SHADE PER WINDOW, OR EASYLINK FOR MULTIPLE WINDOWS THAT MOVE TOGETHER.
- 04 OPERATION**
 BATTERY MOTOR, HARDWIRED MOTOR, MANUAL CHAIN, AND TOUCHLIFT EASYSRING AIR.
- 05 SMART**
 TELIS I6 RTS PURE REMOTE, TAHOMA AUTOMATION, AND WIREFREE LI-ION SOLAR PANEL KIT.
- 06 FINISH**
 BLACK, SILVER/ANODIZED, WHITE, AND FABRIC INSERT FACE FOR CASSETTE 110.
- 07 LIGHT CONTROL**
 STANDARD LIGHT GAP, EDGE SIDE CHANNELS, AND POCKET PLUS SIDE CHANNELS.
- 08 HEMBAR**
 STANDARD HEM BAR, FABRIC-WRAPPED HEM BAR, AND EXPOSED PROFILE.

WHAT'S MAKING YOUR WINDOWS WORK AGAINST YOU?

EVERY ROOM HAS A DIFFERENT PROBLEM. TOO MUCH HEAT IN THE AFTERNOON. NO PRIVACY WITHOUT LOSING YOUR VIEW. A SPACE THAT JUST FEELS UNFINISHED. THE RIGHT FABRIC SOLVES THE RIGHT PROBLEM — AND THERE ARE FIVE WORTH KNOWING.

NOT SURE WHERE TO START? THE DECISION GUIDE ON THE NEXT PAGE BREAKS IT DOWN BY ROOM AND PRIORITY.

HEAT

DOES YOUR ROOM RUN HOT IN THE AFTERNOON?

SOLAR SCREEN FABRICS BLOCK RADIANT HEAT BEFORE IT ENTERS THE GLASS — SO THE ROOM STAYS COMFORTABLE WITHOUT FEELING CLOSED OFF OR DARK.

AESTHETIC

DO YOU WANT YOUR SHADES TO FEEL INTENTIONAL?

WHEN THE FINISH, TEXTURE, AND COLOR ARE PART OF THE DESIGN DECISION, OUR DESIGNER COLLECTIONS GIVE YOU A RESULT THAT LOOKS LIKE IT WAS ALWAYS MEANT TO BE THERE.

OPACITY

DO YOU WANT PRIVACY WITHOUT LIVING IN THE DARK?

LIGHT-FILTERING FABRICS SOFTEN WHAT COMES IN AND LIMIT WHAT'S VISIBLE FROM OUTSIDE, GIVING YOU CONTROL OVER BOTH COMFORT AND VISIBILITY, DAY OR NIGHT.

VIEW

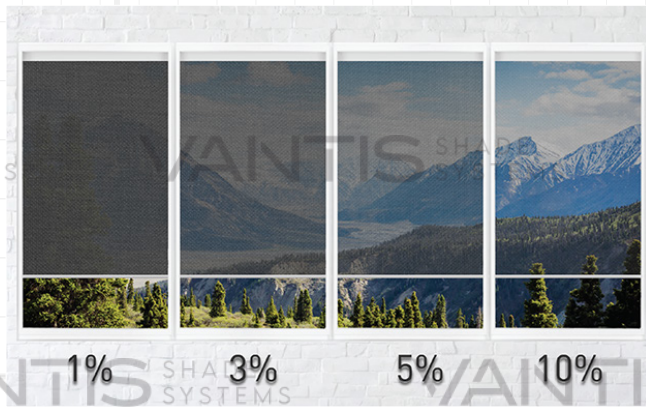

WOULD YOU CLOSE YOUR SHADES MORE IF YOU DIDN'T LOSE THE VIEW?

LOW OPENNESS FACTOR FABRICS CUT GLARE AND UV EXPOSURE WHILE KEEPING YOUR SIGHTLINES INTACT — SO YOU'RE NOT CHOOSING BETWEEN COMFORT AND THE REASON YOU BOUGHT THE HOUSE.

EASY CARE

DO YOUR SHADES NEED TO HOLD UP TO REAL LIFE?

BUILT FOR HIGH-TRAFFIC ROOMS AND BUSY HOUSEHOLDS — DURABLE, EASY TO CLEAN, AND GOOD-LOOKING ENOUGH THAT PRACTICALITY NEVER FEELS LIKE A COMPROMISE.

FABRIC DECISION GUIDE

FABRIC FAMILIES

OPACITY

1%
BEST FOR: STREET-FACING PRIVACY + STRONG HEAT CONTROL. YOUR VIEW OUTSIDE WILL BE MORE LIMITED.

3%
BEST FOR: THE MOST POPULAR STARTING POINT — BALANCED VIEW, PRIVACY, AND GLARE CONTROL.

5%
BEST FOR: OPEN AND AIRY WITH SOFTER LIGHT FILTERING. LESS PRIVATE DURING DAYLIGHT HOURS.

10%
BEST FOR: BEST WHEN PRESERVING THE VIEW IS THE TOP PRIORITY.

BLACKOUT
BEST FOR: ZERO LIGHT TRANSMISSION. IDEAL FOR BEDROOMS, MEDIA ROOMS, AND FULL PRIVACY.

3000 NET
A STYLISH 2X2 LIGHTWEIGHT BASKET WEAVE, WITH MODERN AESTHETICS

KLEENSCREEN
A SOLAR SCREEN THAT INHIBITS THE DEVELOPMENT OF BACTERIAL ODORS, MOLD AND MILDEW

KLEENSCREEN BLACKOUT
THE FUNCTIONALITY AND DURABILITY OF A TYPICAL SOLAR SCREEN WITH THE PRIVACY OF A 100% BLACKOUT FABRIC

SANCTUARY
INSPIRED BY THE ORGANIC TEXTURES OF NATURE AND IS A DEFINING AESTHETIC FOR YOUR HOME OR BUSINESS

TUSK
TEXTURED EARTH TONES AND RICH, WARM COLORS PROVIDE COMFORT AND HARMONY TO EVERY SPACE.

VISTA BLACKOUT
A BEAUTIFUL WOVEN BLACKOUT FABRIC WITH AN INTRICATE PATTERN, COMPLEMENTING ANY DECOR.

**SEE WHAT YOU
ARE BUILDING**

CONSIDER THIS

WHEN THE SHADE IS RAISED, WHAT DO YOU WANT TO SEE? EXPOSED HARDWARE THAT MAKES A STATEMENT, A CLEAN COVER THAT HIDES THE MECHANICS, A POCKET THAT DISAPPEARS INTO THE CEILING, OR A SOFTER CASSETTE THAT FEELS ARCHITECTURAL?

VANTIS SHADE SYSTEMS VISUAL SYSTEM COMPARISON

START WITH HOW YOU WANT THE SHADE TO LOOK WHEN IT'S RAISED — THEN CHOOSE THE SYSTEM THAT FITS.

OPEN ROLL

EXPOSED ROLL AND BRACKETS

WHY: DIRECT, ARCHITECTURAL, COST-EFFECTIVE

FASCIA

FLAT ALUMINUM TOP COVER

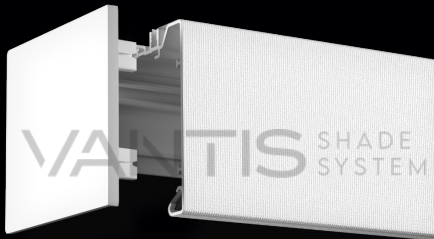

WHY: HIDES THE ROLL, KEEPS PROFILE SIMPLE

POCKET SYSTEM

SHADE DISAPPEARS ABOVE CEILING LINE

WHY: BEST FULL-CONCEALMENT OPTION

SQUARE CASSETTE

COMPACT CASSETTE WITH FINISHED TRIM

WHY: FINISHED LOOK WITHOUT CONSTRUCTION

FABRIC-WRAPPED CASSETTE

CASSETTE FACE WITH FABRIC INSERT

WHY: CASSETTE FEELS LESS LIKE EXPOSED METAL

ONE SHADE OR MANY

CONSIDER THIS

DO YOUR WINDOWS NEED TO MOVE INDEPENDENTLY, OR WOULD IT MAKE MORE SENSE FOR ADJACENT SHADES TO RAISE AND LOWER TOGETHER AS ONE COORDINATED SYSTEM?

ONE SHADE OR MANY

ONE SHADE PER WINDOW WORKS FOR MOST INSTALLATIONS. CHOOSE EZ-LINK WHEN YOU WANT ADJACENT WINDOWS TO RAISE AND LOWER AS ONE.

SINGLE SHADE

ONE SHADE, ONE CONTROL POINT

WHY: SIMPLEST SETUP — ONE WINDOW, ONE CONTROL

EZ-LINK SYSTEM

MULTIPLE ROLLERS MOVE TOGETHER

WHY: MULTIPLE WINDOWS MOVE AS ONE, WITH FEWER MOTORS

**THE RIGHT CONTROL
MAKES DAILY USE
EFFORTLESS.**

CONSIDER THIS

HOW OFTEN WILL THESE SHADES ACTUALLY MOVE? IF IT'S PART OF A DAILY ROUTINE, MOTORIZATION MAKES IT QUIETER, FASTER, AND MORE CONSISTENT WITH NO CHAINS TO MANAGE.

OPERATION COMPARISON

MANUAL CHAIN IS A RELIABLE STARTING POINT. BATTERY MOTOR IS IDEAL WHEN YOU DON'T WANT TO RUN NEW WIRING. HARDWIRED IS BEST WHEN WIRING IS BEING PLANNED DURING CONSTRUCTION.

BATTERY MOTOR

WIRELESS, WIRE-FREE CONTROL

HARD-WIRED MOTOR

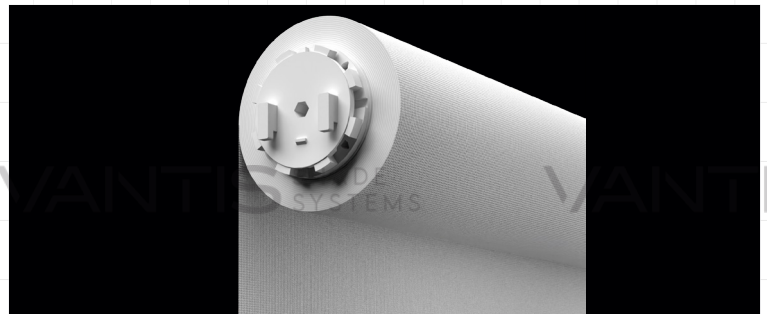

BEST FOR NEW CONSTRUCTION OR
PLANNED RENOVATIONS

CHOOSE FROM AC, DC, OR POE

MANUAL CHAIN

TRADITIONAL MANUAL OPERATION

TOUCH LIFT

LIGHTER TOUCH AND NO CHAIN TO
MANAGE

SMART CONTROL ADDS DAILY EASE

CONSIDER THIS

HOW DO YOU WANT TO CONTROL THE SHADES DAY TO DAY — A DEDICATED REMOTE, A PHONE APP, A SET SCHEDULE, VOICE COMMANDS, OR A SOLAR-POWERED SYSTEM THAT LARGELY TAKES CARE OF ITSELF?

SMART CONTROL OPTIONS

RECOMMENDED PATH: THE TELIS 16 REMOTE IS THE BEST STARTING POINT FOR CONTROLLING MULTIPLE SHADES. ADD THE TAHOMA HUB IF YOU WANT APP, SCHEDULE, OR VOICE CONTROL. ADD THE SOLAR PANEL KIT TO KEEP MOTORS CHARGED WITHOUT AN ELECTRICIAN.

TELIS 16

A REMOTE THAT CONTROLS UP TO 16 SHADES INDIVIDUALLY OR AS GROUPS

WHY: SIMPLE, DEDICATED CONTROL WITHOUT NEEDING YOUR PHONE

TAHOMA HUB

HUB FOR APP, SCHEDULES, SCENES, VOICE

WHY: FULL AUTOMATION WITH VOICE AND ROUTINES

SOLAR KIT

SOLAR PANEL TOPS UP WIRE-FREE BATTERIES

WHY: NO ELECTRICIAN NEEDED TO KEEP MOTORS CHARGED

THE FINISH MAKES THE SYSTEM FEEL BUILT IN

CONSIDER THIS

SHOULD THE HARDWARE FADE INTO THE BACKGROUND, COORDINATE WITH THE OTHER METAL FINISHES ALREADY IN THE ROOM, OR BECOME A DELIBERATE PART OF THE DESIGN?

FINISH SELECTION

CHOOSE A FINISH THAT COORDINATES WITH YOUR EXISTING HARDWARE OR DISAPPEARS INTO THE ROOM. IF YOU HAVE A POCKET SYSTEM, BLACK IS NOT AVAILABLE — SILVER OR WHITE ONLY. CASSETTE 110 CAN ALSO BE COVERED WITH A FABRIC INSERT.

BLACK

BEST: CONTRAST

STANDARD FINISH FOR COVERS AND HARDWARE.

WHY: DELIBERATE CONTRAST, STRONG DESIGN STATEMENT

SILVER / ANODIZED

BEST: NEUTRAL

STANDARD ANODIZED ALUMINUM FINISH

WHY: NEUTRAL FINISH THAT WORKS IN ANY INTERIOR

WHITE

BEST: DISAPPEARS

STANDARD LIGHT FINISH FOR TRIM AND HARDWARE

WHY: BLENDS INTO CEILINGS AND WHITE INTERIORS

FABRIC INSERT FACE

FABRIC WRAPS THE CASSETTE FACE

WHY: CASSETTE FEELS LESS LIKE EXPOSED METAL

YOU'RE IN CONTROL OF WHAT YOU SEE

CONSIDER THIS

HOW MUCH LIGHT CONTROL DOES THIS ROOM ACTUALLY NEED? A STANDARD EDGE WORKS WELL FOR MOST SPACES — BUT IF DARKENING MATTERS, SIDE CHANNELS REDUCE LIGHT LEAKS, AND COMBINING A POCKET WITH CHANNELS GIVES YOU THE CLEANEST RESULT AVAILABLE

LIGHT CONTROL OPTIONS

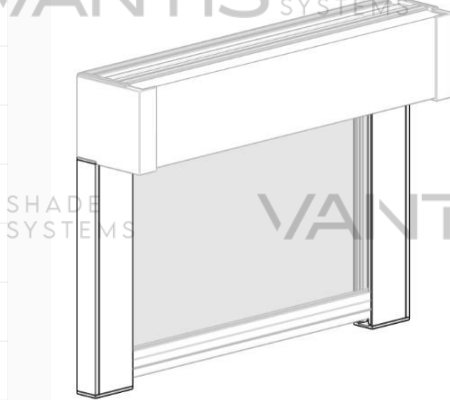

MOST ROOMS DO WELL WITH A STANDARD EDGE. IF LIGHT CONTROL IS A PRIORITY, ADD SIDE CHANNELS TO REDUCE GAPS. FOR THE CLEANEST RESULT, COMBINE A POCKET SYSTEM WITH CHANNELS

STANDARD LIGHT GAP

BEST: CLEAN SHADE EDGE

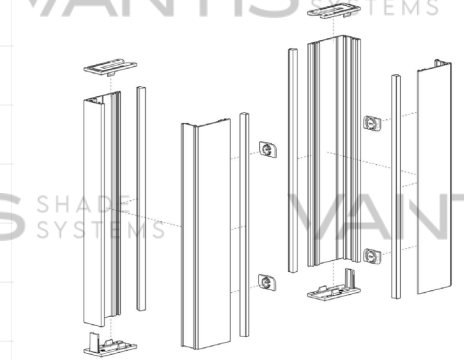

WHY: STANDARD GAP ON EACH SIDE — MINIMAL AND EXPECTED FOR ROLLER SHADES

EDGE SIDE CHANNELS

BEST: ROOM DARKENING

WHY: REDUCES LIGHT LEAKS AT SIDES

POCKET CHANNELS

BEST: CONCEALED DARKENING

WHY: CLEANEST DARKENING RESULT AVAILABLE

THE BOTTOM EDGE IS WHERE QUALITY SHOWS

CONSIDER THIS

SHOULD THE BOTTOM OF THE SHADE SIMPLY DISAPPEAR INTO THE FABRIC, OR WOULD YOU LIKE IT TO COORDINATE WITH THE HARDWARE FINISH YOU'VE ALREADY CHOSEN?

BOTTOM DETAIL OPTIONS

EVERY SHADE COMES WITH A STANDARD HEM BAR. CHOOSE FABRIC-WRAPPED IF YOU PREFER A SOFTER, QUIETER EDGE. CHOOSE EXPOSED PROFILE IF YOU WANT THE BOTTOM TO COORDINATE WITH THE REST OF YOUR HARDWARE FINISH.

STANDARD HEM BAR

BEST FOR INCLUDED QUALITY

SEES: A CLEAN ALUMINUM BOTTOM WEIGHT

WHY: CLEAN, DURABLE, AND INCLUDED WITH EVERY SHADE

FABRIC-WRAPPED HEM BAR

BEST FOR SOFT FINISH

SEES: A FABRIC-COVERED BOTTOM WEIGHT

WHY: SOFTER LOOK AND FEEL NO EXPOSED METAL AT THE BOTTOM

EXPOSED PROFILE

BEST FOR A MODERN TOUCH

SEES: VISIBLE WEIGHTED PROFILE

WHY: COORDINATES WITH YOUR CHOSEN HARDWARE FINISH

BUILD YOUR PREMIUM SHADE EXPERIENCE

CONSIDER THIS

BY THE TIME YOU REACH THE BOTTOM, YOU HAVE EVERYTHING YOU NEED TO MOVE FORWARD.

MIX + MATCH

THE FINAL SYSTEM

CONFIGURATION SEQUENCE

FABRIC	SOLAR VIEW/HEAT		DESIGNER SOFT		TEXTURE WOVEN		BLACKOUT PRIVACY			
SYSTEM	OPEN ROLL MINIMAL		FASCIA CLEAN COVER		POCKET CONCEALED		CASSETTE COMPACT		WRAPPED SOFT FACE	
LINK	SINGLE STANDALONE					EASYLINK LINKED SPANS
